Ph.: (079) 2640 2987, 26467760 Fax: 079-2646 7760 Web: [www.aesics.ac.in](http://www.aesics.ac.in)

**In Association with AESICS-CSI Student Branch**

**AHMEDABAD UNIVERSITY** is promoted by Ahmedabad Education Society, which was established in 1935 with inspiration from Sardar Vallabhbhai Patel, the 1st Deputy Prime Minister of India, and by visionaries which include Sheth Shri Kasturbhai Lalbhai and Shri Ganesh Vasudev Mavlankar. It runs ten colleges, eleven schools and other academic institutes, each of which has a leading position in Gujarat. The vision of Ahmedabad University is to be a temple of higher learning engaged in gathering, generating, storing and disseminating knowledge relevant to the societal needs, offering multi-disciplinary programs to students emphasizing their all round development.

**AES INSTITUTE OF COMPUTER STUDIES (AESICS)** was founded in the year 2000, by the most trusted and philanthropic educational trust Ahmedabad Education Society to fulfill the demand of IT professionals in Western Region. AESICS is constituent institute of Ahmedabad University.

**AESICS-CSI Student Branch** Computer Society of India (CSI) is the largest national level association of IT professionals in India, having more than 70,000 members. AESICS-CSI Student branch (having more than 140 members) regularly organizes various events like seminars, expert lectures, workshops, training programs and industrial visits for the learning, knowledge sharing and career enhancement of the students, thus, helping them to integrate into the IT industry.

**About Workshop:** Most of the projects are considered failures due to time and / or cost overruns. One of the main reasons for this failure is poor project management. Effective use of Project Management tool like MS Project 2007 can substantially reduce the risk of project failure. However due to lack of proper training and knowledge about the capabilities of Microsoft Project, only a few in PM community use the MS Project effectively for planning, tracking and reporting of projects. This workshop is designed to make participants aware of capabilities of Microsoft Project 2007 and effective use of the tool in project planning and tracking through the project life cycle. Microsoft Project 2007 features will be mapped to Project Management Framework, major features will be demonstrated and then hands on training will be given using a comprehensive case study.

## Contents:

- Introduction to Project Management
- Explanation and Demonstration of features of MS Project 2007
- Hands on practice in the Lab Session using a comprehensive case study..

## Speakers:

**Mr. Saumil Shah**, CEO, T M Systems P. Ltd., Ahmedabad
