

Faculty and students attended CSI 2011, 46th Annual National Convention of Computer Society of India.

CSI 2011, the 46th Annual National Convention of Computer Society of India was hosted by CSI Ahmedabad Chapter during December 1-3, 2011. The convention included International conferences on IT security and Cloud Computing, Tutorial on Sensor Network, Cloud Computing and ICT for education.

On 1st December, 2011 participants of respective conferences presented their research papers. A research paper titled “Performance Evaluation of Grid Scheduling using Synthetic Workloads” was presented by Mr. Aditya Patel, Asst. Professor, AESICS and Mr. Darshan Kansara, Research Associate, AESICS in the CSI Annual National Convention, 2011. The paper discussed experimental results on grid simulation and performance evaluation of grid algorithms. The research paper was also published in the proceedings of the Convention.

In plenary session, on 2nd December, 2011, Mr. Sam Pitroda addressed the audience through video conferencing. The session ended with the interaction between audience and Mr. Sam Pitroda. There was a presentation of e-Governance Awards and IT Excellence Awards in the evening.

On 3rd December, 2011 , plenary session was addressed by Mrs. Jayanti Ravi, IAS, Commissioner, Higher Education , Government of Gujarat and Prof. R K Shyamasundar, Senior Professor, Tata Institute of Fundamental Research. The convention concluded by vote of thanks by organizers of CSI 2011 in the valedictory session.

It is a matter of pride that “Awards Committee” of CSI selected AES Institute of Computer Studies for the “Best CSI Student Branch Award 2010-11”. CSI Awards Committee also conferred the “Award for Active Participation (Student Member) 2010-11” on Mr. Darshan Kansara, MCA final year student. Prof. P Thrimurthy, Chairman, Awards Committee, CSI gave away Best Student Branch Award to Mr. Aditya Patel, Student Branch Councilor and Award for Active Participation to Mr. Darshan Kansara during the convention.

Mr. Bipin Mehta , Director, AESICS played important role as Finance Committee Chair and for the successful event in which more than 700 participants from various cities attended the convention.

The faculty members and some students of AESICS and HLICA attended the convention and benefited by interaction with renowned speakers and knowing emerging trends in IT.
